

Cape and Islands United Way

February 14, 2015

Dear Ken,

We love the Ken Mark family!

Valentine's Day provides a wonderful opportunity for me to simply say -- *we love our donors!*

Thanks to you, the Cape and Islands United Way will continue to provide for the basic needs of our neighbors, while also inspiring hope and change in our local communities.

We've just received 81 grant requests from 67 nonprofit organizations totaling \$1.8 million. These requests represent hopes and dreams, wrenching need and lofty aspiration. We are committed to caring for the Cape and Islands -- to fulfilling needs, to inspiring dreams, to encouraging change.

You, as a donor, make this commitment possible. Our community is stronger when families are stable, when children succeed, and when people enjoy good health. *Together*, we make this happen.

So on Valentine's Day, please except my heart-felt thanks and know that you are truly appreciated by this organization and all those we serve.

With much gratitude,

Barbara

Thank you!

Barbara J. Milligan
